EDUCATION

Indian Institute of Information Technology Ranchi, India *Aug 2020 - Jun 2024*
Bachelor of Technology (Hons.), Computer Science and Engineering CGPA: 8.49

EXPERIENCE

Sofware Development Engineer-1 Gurugram, India
Growth Jockey *Apr 2024 - present*

- Developed and optimized REST APIs using Spring Boot for **Ottopilot**, enabling efficient creation and management of collections and items with schema-based validation.

- Collaborated with a team to develop a centralized admin panel **Thoth**, for managing blogs and media across multiple sites, improving operational efficiency by **50%**.

- Delivered **7+ client projects**, enhancing code quality, enabling fast UI development and contributing to business growth as requirement.

- Created **Athena**, a platform to capture user activity data, including pre-site load interactions, for optimizing user experience and precise ad control.

- Integrated an admin dashboard into **Intellsys Accounts** for user management and implemented a dynamic soft lock feature, reducing security breaches by **30%**.

PROJECTS

Formulafun : Next.js, Payload CMS, Tailwind, PostgreSQL

- Built a responsive e-commerce platform featuring a modern UI, SVG animations, cart management, order placement, secure payment processing, a collections page, and a contact page.

- Integrated Payload CMS for real-time content management, allowing admins to update products, promotions, and other content dynamically without developer assistance. [Live Demo](#)

Ampere : Remix.js, React.js, Tailwind, PostgreSQL, TypeScript

- Developed a **fully responsive EV scooter venture website** with high user engagement, processing **1,000+ test ride bookings** and handling **2,000+ daily visits** on the enquiry page.

- Implemented a **location-based showroom finder**, enabling users to discover nearby showrooms and seamlessly book **free ride trials**.

- Integrated an **EMI calculator** to allow users to easily estimate their monthly payments, improving purchase decision-making. [Live Demo](#)

TECHNICAL SKILLS

Languages: C++, JavaScript, TypeScript, Java, SQL
Frameworks/Libraries: React.js, Remix.js, Next.js, RTK, Node.js, Express.js, Tailwind, Spring Boot
Tools: Git, GitHub, Postman, Figma
Coursework: Data Structures & Algorithms (DSA), Object-Oriented Programming (OOP), System Design

ACHIEVEMENTS

- **Rising Star 2024:** Recognized by Growth Jockey for exceptional contributions and impact.

- **TCS Codevita 2024:** Secured **Rank 141** in Round 1 and **Rank 334** in Round 2.

LEADERSHIP

- Mentored **10+** students as part of **HG Mentors**, guiding them in academics and project development.
